

CDC Guidelines

Hello Campers

We hope you are all staying safe and healthy during this time. We are under obligation to follow CDC regulations for the safety of all campers, and below is a list of what we are doing to meet the compliance with CDC's standards.

- Store/Office is limited to 2 customers at a time. There will be limited store hours in the morning and evening. (Times TBA) You may call in items that can be picked up in front of the office.
- We have stepped up cleaning and sanitizing procedures.
- At this time we are asking all campers that have bathroom facilities in their units to limit use of our public bathhouse. This will allow it to be available for those who need to use our facilities. There is a limit of 3 people in the bathhouse at a time.
- The bathhouse, out houses, cabins and store/office will be cleaned more frequent.
- Frequent hand washing is required by all employees and campers.
- Only registered campers are permitted (No Visitors until further notice.)
- All campers must use the CDC's guidelines, and be considered healthy upon arrival to the park. Anyone at the park who becomes ill needs to contact the office immediately.
- Campers must respect and maintain the 6 foot social distancing at all times and wear mask when entering our store/office and bathhouse. Parents will

be responsible for ensuring that their children follow social distancing guidelines.

- Unfortunately al the playground and pavilion are off-limits until further notice. Kayak rental TBA.

The guidelines may change in the upcoming months and we will keep you informed. If you have any questions or concerns please feel free to reach out to us. Thank you in advance for your cooperation and we look forward to seeing you.
